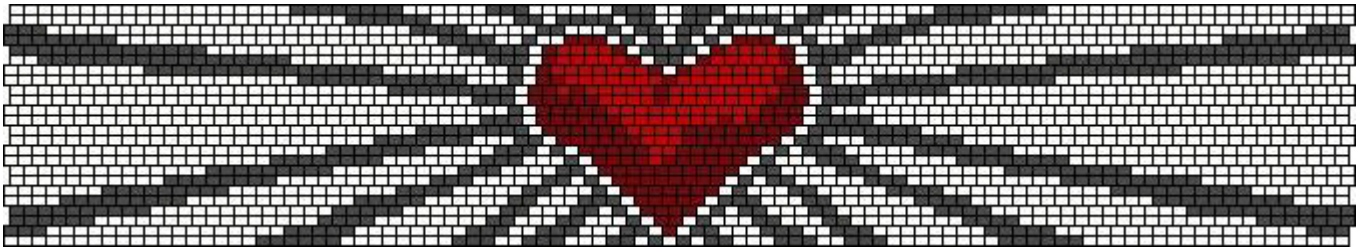
Instructions to complete "Wild at Heart" bracelet:

Step 1
Thread a needle with 5 feet of beading thread (add new thread as needed), leaving a 12-inch tail. Using flat, two-drop peyote stitch (see Flat, Even 2-Drop Peyote Stitch Technique), weave the pattern by following the graph below (see next page for enlarged chart).



Graph made with Beader's Canvas software (BK2597)

Step 2
When the bracelet reaches the desired length, weave the needle through beads until it exits the fifth bead on the last row. String three black Delica beads, one white Delica bead and 17 black Delica beads. Pass back through the single white bead and first three black Delica beads, forming a loop. Reinforce this loop at least three times.

Step 3
Weave the needle through beads until it exits the 13th bead on the last row. In the same manner as in the previous step, make a second loop and reinforce.

Step 4
Weave the needle through beads until it exits the 21st bead on the last row. In the same manner as in the previous step, make a third loop and reinforce. Weave back down through a few rows, and use a Perfect End Thread Burner to burn the end of the thread (see Perfect End Thread Burner Technique).

Step 5
Thread the needle onto the tail you left behind at the other end of the bracelet, and weave through beads to the fifth bead in the first row (to align with the placement of the loop made in Step 2). String three black Delica beads, one white bead, one glass round bead and one white Delica bead. Pass back through the glass round bead and the four Delica beads.

Step 6
Weave the needle through beads until it exits the 13th bead on the row. In the same manner as in Step 5, attach a second glass round bead to align with the second loop made in Step 3.

Step 7
Weave the needle through beads until it exits the 21st bead on the row. In the same manner as in Step 5, attach a third glass round bead to align with the third loop made in Step 4.

Step 8
Weave back through a few rows of the bracelet, and use a thread burner to burn the end of the thread.
