- Ear Wires
- Links, Caps, Components
- Bangles and Rings

Techniques: Applying Jewelry Shield

If you've experienced allergic reactions to metals, Jewelry Shield can protect your skin so you can enjoy wearing the jewelry you love! It creates an invisible barrier that prevents skin from reacting to metals! Apply it to clasps, ear wires, and other exposed metal findings on necklaces and bracelets.

Beading Techniques > New Techniques > Applying Jewelry Shield

Materials

- Allergy Jewelry Shield
- Metal findings, beads, or components

Tools

- Pliers or Tweezers

Tip: Apply 2-3 coats to earrings for best results.

Tip: To remove Allergy Jewelry Shield, use nail polish remover.

Step 1
Shake the Jewelry Shield gently. Make sure you are in a well ventilated area.

Step 2
Hold the metal finding or bead with pliers or tweezers. Apply a coat of Allergy Jewelry Shield.

Step 3
Let dry 20 minutes between coats. Repeat as needed. Let dry completely overnight before wearing.
