

FusionBeads.com Pewter Bezel Template

Instructions:

These templates are designed to help you create decorative inserts for our collection of silver, gold and copper plated bezel pendants. Follow these easy steps:

Print the template onto cardstock. Cut out the center of the desired frame using an art knife. Place the template over your selected image, and trace the outline of the frame. When you cut out the image, it will be sized perfectly to fit the bezel pendant. For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.
