To redeem your gift certificate, place items in your shopping cart and proceed to the checkout process. In step 3 of the order process directly below the shipping options, you will be asked to enter the gift certificate claim code. Please note that claim codes are case sensitive. Do not enter the code in the comments field as it will not adjust your total.

If your order is less than your gift certificate's value, you can use the balance on your next order with us; just keep your gift certificate claim code. If your order total is more than your gift certificate value, you will be asked to enter a credit card number to pay for the balance.

If you have problems redeeming your gift certificate, please contact us for help by calling 1.888.781.3559 Monday through Friday, 9am-5pm PST or by writing to [orders@FusionBeads.com](mailto:orders@FusionBeads.com).

This gift certificate is valid for online purchases only.
