## **Tools needed to complete the cell phone charm:**

- Wire cutters
- Chain nose pliers
- Round nose pliers

## **Beading Techniques needed to complete the cell phone charm:**

- Wire Wrapping
- Wire Wrapped Link

*For step-by-step photos and instructions on these and other techniques, visit [FusionBeads.com](http://FusionBeads.com) and select Beading Techniques from the top navigation bar.*

**Instructions to complete "Tweet Tweet" cell phone charm:**

**Step 1**

Using wire cutters, cut the silver base metal chain into the following lengths: one 13-link length, one 9-link length and one 5-link length.

**Step 2**

Using a 4-inch length of silver plated craft wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one 4mm olivine Czech glass bead, one flying bird bead and one 4mm olivine Czech glass bead. Connect one side of this wire wrapped link to the jump ring attached to the cell phone cord and the other side to the end links of all three lengths of chain from Step 1.

**Step 3**

Place one olivine glass bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit directly to the side of the wire wrapped link attached to the chain.

**Step 4**

Repeat Step 3 three times, wire wrapping one olivine glass bead unit to each end of the three lengths of chain.
