Chain nose pliers
Round nose pliers

Beading Techniques needed to complete the necklace:

Wire Wrapped Link
Wire Wrapped Triangle Bail

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Blueberry Bauble” necklace:

Tip

This necklace is made by connecting wire wrapped links together. The necklace is long enough that it will slip over the head without need for a clasp.

Step 1

Using a 6-inch length of Artistic Wire, begin to form a wire wrapped triangle bail (see Wire Wrapped Triangle Bail Technique) with one 50mm Crystal Swarovski pear-shaped pendant, stopping at Step 10 in the Technique.

Step 2

Place one 10mm blueberry quartz bead onto the open end of wire, and complete the other side of the wire wrapped triangle bail without connecting it to anything.

Step 3

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one blueberry quartz bead. Connect one side of this wire wrapped link to the completed end of the triangle bail made in Step 2, and complete the other side without connecting it to anything.

Step 4

In the same fashion, repeat Step 3 a total of 38 times, connecting each wire wrapped link to the one directly before it and the one directly after it. When you reach the second side of the 38th wire wrapped link, connect this side to the completed end of the triangle bail made in Step 2.
