Tools needed to complete the necklace:

- Wire cutters
- Chain nose pliers
- Round nose pliers
- Crimping pliers (TL0500)

Beading Techniques needed to complete the necklace:

- Crimping
- Wire Wrapped Link
- Opening and Closing a Jump Ring

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete "Bird's Eye" necklace:

Step 1

Using a 2-inch length of gunmetal wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one 4mm Ruby Swarovski crystal bicone. Connect one side of this wire wrapped link to one 10.3mm natural brass jump ring and connect the other side to the loop on one natural brass filigree full droplet.

Step 2

Using a 2-inch length of wire, make a wire wrapped link with two small pieces of ruby zoisite chips. Connect one side of this wire wrapped link to one 10.3mm jump ring, and connect the other side to one loop on one natural brass fleur de lis connector.

Step 3

Using chain nose pliers, open one 5.2mm jump ring (see Opening and Closing a Jump Ring Technique). Use this jump ring to connect one 16mm Ruby Swarovski crystal pear-shaped pendant to the other loop on the fleur de lis connector from Step 2. Close the jump ring.

Step 4

Using a 2-inch length of wire, make a wire wrapped link with one 4mm Ruby bicone. Connect one side of this link to one 10.3mm jump ring, and connect the other side to one loop on one natural brass deco window connector.

Step 5

Using a 2-inch length of wire, make a wire wrapped link with one 4mm Ruby bicone. Connect one side of this link to the other loop on the brass deco window connector from Step 4, and connect the other side to the loop on one natural brass teensie sunflower charm.

Step 6

Using chain nose pliers, open each of the three 10.3mm jump rings used in Steps 1 - 5 and attach each of them to one 23mm natural brass filigree ring. Close all of the jump rings.

Step 7

Open a fourth 10.3mm jump ring. Place the jump ring onto the 23mm filigree ring from Step 6, and close the jump ring.

Step 8

Using a 2-inch length of wire, make a wire wrapped link with one 4mm Ruby bicone. Connect one side of this wire wrapped link to the fourth 10.3mm jump ring attached in Step 7, and connect the other side to the loop on the beak of one natural brass swooping swallow pendant.

Step 9

Place one crimp bead and the other loop on the swallow pendant from Step 8 onto a 2-foot length of beading wire. Pass the wire back through the crimp bead, and crimp the crimp bead (see Crimping Technique).

Step 10

String these beads in the following sequence onto the beading wire (you may choose to add or remove the ruby zoisite chips if you need to alter the length of the necklace):

- 1 - 4mm Ruby bicone
- 2-inches of ruby zoisite chips
- 1 - 4mm Ruby bicone
- 2 - ruby zoisite chips
- 1 - 7.9mm natural brass pineapple bead
- 1.75 inches of ruby zoisite chips
- 1 - 4mm Ruby bicone
- .5 inches of ruby zoisite chips
- 1 - natural brass oval filigree bead

1 - 4mm Ruby bicone
2.25 inches of ruby zoisite chips
1 - 4mm Ruby bicone
.75 inches of ruby zoisite chips
1 - brass pineapple bead
1-inch of ruby zoisite chips
1 - 4mm Ruby bicone
2-inches of ruby zoisite chips
1 - brass filigree bead
1.25-inches of ruby zoisite chips
1 - 4mm Ruby bicone
1-inch of ruby zoisite chips
1 - 4mm Ruby bicone
1 - crimp bead
1 - 7.3mm natural brass jump ring

Step 11

Pass the beading wire back through the crimp bead, and crimp the crimp bead.

Step 12

Open the 7.3mm jump ring attached in Step 10. Place one brass love knot toggle bar onto the jump ring, and close the jump ring.
