Round nose pliers

Beading Techniques needed to complete the necklace:

Opening and Closing a Jump Ring
Simple Loop

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Goody Goody Gumdrops” necklace:

Step 1

Using wire cutters, cut off the twisted figure-8 link in the middle of the 18-inch length of 5.2mm silver base metal chain, leaving two 9-inch lengths.

Step 2

Place one 14mm Light Rose Swarovski crystal round bead onto a head pin. Using round nose pliers, turn a simple loop (see Simple Loop Technique) at the end of the head pin, attaching it to the eye of one silver colored eye pin. Close the simple loop.

Step 3

Place one Light Topaz Swarovski crystal round bead onto the eye pin attached in Step 2. Turn a simple loop at the end of the eye pin, attaching it to the eye of a second eye pin. Close the simple loop.

Step 4

Place one Peridot Swarovski crystal round bead onto the second eye pin attached in Step 3. Turn a simple loop at the end of the eye pin, attaching it to one end of each 9-inch length of chain from Step 1. Close the simple loop.

Step 5

Using chain nose pliers, open one 6mm silver colored jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to connect the other end of one 9-inch length of chain to the loop on one side of the sterling silver ruffled toggle clasp. Close the jump ring.

Step 6

Open one 6mm jump ring. Use the jump ring to connect the other end of the second 9-inch length of chain to the loop on the other side of the toggle clasp. Close the jump ring.
