Tools needed to complete the bracelet:

Chain nose pliers
Scissors

Beading Techniques needed to complete the bracelet:

Opening and Closing a Jump Ring
Lark's Head Knot
Attaching a Cord End - Style 4

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Gold Crush” bracelet:

Step 1

Using scissors, cut the cord into two nine-inch lengths.

Step 2

Fold each length of cord in half. Tie each length to one narrow end of the oval ring with a lark's head knot (see Lark's Head Knot Technique).

Step 3

String 5 seed beads onto one strand of cord. Slide all beads tightly against the knot.

Step 4

Repeat Step 3 with the other strand of the same cord.

Step 5

Holding both beaded strands of cord together, tie an overhand knot, pushing the knot against the seed beads.

Step 6

Repeat Steps 3 - 5 with the cord on the other side of the oval ring.

Step 7

Holding the doubled cord ends on one side of the bracelet together, attach them to one cord end (see Attaching a Cord End - Style 4 Technique).

Step 8

Repeat Step 7 with the doubled cord on the other side of the bracelet and the second cord end.

Step 9

Using chain nose pliers, open two jump rings (see Opening and Closing a Jump Ring Technique). Use one jump ring to attach the loop on each cord end to each side of the clasp. Close both jump rings.
