Wire cutters

Beading Techniques needed to complete the earrings:

Opening and Closing a Jump Ring
Simple Loop

*For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select *Beading Techniques* from the top navigation bar.*

Instructions to complete "Amethyst Drop" earrings:

Step 1

Using 3 inches of wire and round nose pliers, turn a simple loop (see Simple Loop Technique) on one end of the wire. String one amethyst teardrop bead (wider end toward the loop), and turn a simple loop at the open end of the wire, attaching the loop just made to the loop on one ear wire before completing the loop.

Step 2

Using 3 inches of wire, turn a simple loop on one end of the wire, string one amethyst teardrop bead (narrow end toward the loop), and turn a simple loop at the open end of the wire, attaching the loop just made to the loop on the teardrop bead from Step 1 before completing the loop.

Step 3

Using chain nose pliers, open one jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach one crystal pendant to the loop on the second teardrop bead from Step 2. Close the jump ring.

Step 4

Repeat Steps 1 - 3 for the second earring.
