Instructions to complete “Modern Crush” earrings:

Step 1

Mix the two parts of the resin with pigment (see Using ICE Resin with a Mold Technique). When mixed thoroughly, fill two molds with the colored resin. Allow the resin to set completely. Remove the resin rings from the molds, and file the edges smooth (see Finishing ICE Resin – Filing Technique).

Step 2

Place one pearl onto an eye pin. Turn a simple loop (see Simple Loop Technique) at the open end of the eye pin, attaching the loop just made to one ear wire before completing the loop. The simple loop should be turned so that it is on the same plane as the eye pin's eye.

Step 3

Open one jump ring (see Add a Charm to a Chain Technique), and use it to attach the narrow end of one resin ring to the unattached eye on the eye pin from Step 2. Close the jump ring.

Step 4

Repeat Steps 2 - 3 for the second earring.
