Chain nose pliers
Wire cutters
ICE Resin (TL2167)

Beading Techniques needed to complete the bracelet:

Opening and Closing a Jump Ring
Wire Wrapping
Using ICE Resin with Collage Pendants
Using Collage Images with a Collage Pendant

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Who I Walk For” bracelet:

Step 1

Cut out a photographic image using scissors or an art knife (see Using Collage Images with a Collage Pendant Technique). Place the image in one bezel pendant, and set it with ICE Resin (see Using ICE Resin with Collage Pendants Technique). Allow resin to set completely, according to the technique.

Step 2

Repeat Step 1 for each of the bezel pendants.

Step 3

Open one jump ring (see Opening and Closing a Jump Ring Technique), and use it to attach the ribbon charm to the first chain link. Close the jump ring.

Step 4

Open one jump ring, and use it to attach one bezel pendant to the chain about 1 inch from the ribbon charm. Close the jump ring.

Step 5

Place one 8x11mm message bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to the same chain link attached to the bezel pendant in Step 4.

Step 6

In the same manner as in Steps 4 – 5, attach a second bezel pendant with a jump ring to the chain about 3.5 inches from the ribbon charm. Wire wrap a second 8x11mm message bead to the same chain link.

Step 7

Repeat Step 6 with the third bezel pendant and third 8x11mm message bead.

Step 8

In the same manner as in Step 5, wire wrap each of the four 6x8mm message beads to the chain about 1 inch, 2.5 inches, 4 inches and 6 inches from the ribbon charm.

Step 9

In the same manner as in Step 8, wire wrap one glass bead to each of the remaining unembellished chain links.

Step 10

Open two jump rings. Use one jump ring to attach one side of the toggle clasp to one end link of the chain and the other jump ring to attach the other side of the clasp to the other end link of the chain. Close both jump rings.
