## **Instructions to complete “Golden Frost” earrings:**

### **Step 1**

Place one gold-filled bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to one circle component.

### **Step 2**

Open one jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach one crystal pendant to a second jump ring. Close the jump ring.

### **Step 3**

Open the second jump ring from Step 2, and attach it to circle component from Step 1. Close the jump ring.

### **Step 4**

Using a 3-inch length of wire, make a wire wrapped triangle bail (see Wire Wrapped Triangle Bail Technique) with one teardrop glass bead, attaching the unit beside the crystal pendant on the same circle component.

### **Step 5**

Open the loop on one ear wire (see Attaching an Ear Wire Technique), and attach it to the circle component. Close the loop.

### **Step 6**

Repeat Steps 1 – 4 for the second earring.

### **Step 7**

Repeat Step 5, reversing the direction of the ear wire so that the pair will be symmetrical when worn.
