## **Instructions to complete “Sophisticated Lady” bracelet:**

### ***Tip***

*The bracelet is made of rings of crimped beading wire linked together like chain. The beading wire is flexible, so a clasp is not necessary.*

### **Step 1**

Using wire cutters, cut 13 2.5-inch lengths of beading wire.

### **Step 2**

String one 4mm Jet crystal bicone bead and one crimp bead onto one length of beading wire. Slide the other end of the beading wire through the crimp bead so that the ends of the wires are facing opposite directions, forming a ring about 0.75 inch in diameter. Crimp the crimp bead (see Crimping Technique). The crystal bead will float freely on the wire.

### **Step 3**

Cover the crimp bead with a crimp cover (see Crimp Bead Covers Technique), and trim excess wire with wire cutters.

### **Step 4**

String a length of beading wire through the ring made in Steps 2 – 3. Repeat Steps 2 – 3 using one 4mm Jet crystal round bead, linking the two rings of wire like chain links.

### **Step 5**

In the same manner as in the previous steps, string the following beads onto 10 more linked rings of beading wire:

- 1 3mm Jet crystal bicone bead and 1 4mm Jet crystal round bead
- 1 4mm Jet crystal bicone bead
