## **Instructions to complete “Celebrate the Times” necklace:**

### **Step 1**

Cut the chain into the following lengths (see Cutting Chain Efficiently Technique):

- 1 – 3/8” length
- 1 – 0.5” length
- 1 – 0.75” length
- 1 – 1” length
- 2 – 7.25” lengths

### **Step 2**

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one 4mm Fuchsia crystal round bead. Attach one side of this wire wrapped link to the loop on the lobster claw. Attach the other side of the link to one end link of one 7.25-inch length of chain.

### **Step 3**

In the same manner as in the previous step, make a wire wrapped link with one 4mm Fuchsia crystal round bead and one 3mm Crystal Copper crystal bicone bead. Attach the Fuchsia side of the wire wrapped link to the other end link of chain from the previous step. Attach the Crystal Copper side of the link to one hole of the Owllet sew-on stone.

### **Step 4**

Make a wire wrapped link with one 4mm Fuchsia crystal round bead. Attach one side of this wire wrapped link to one end link of the second 7.25-inch length of chain. Complete the other side of the link without connecting it to anything.

### **Step 5**

Make a wire wrapped link with one 4mm Crystal Copper crystal rondelle and one 3mm Fuchsia crystal bicone bead. Attach the Crystal Copper side of the wire wrapped link to the other end link of chain from the previous step. Attach the Fuchsia side of the link to the second hole of the sew-on stone.

### **Step 6**

Make a wire wrapped link with one 4mm Fuchsia crystal round bead. Attach one side of this wire wrapped link to one end link of the 0.5-inch, the 0.75-inch and the 1-inch lengths of chain. Complete the other side of the link without connecting it to anything.

### **Step 7**

Open the jump ring (see Add Opening and Closing a Jump Ring Technique), and use it to connect the unattached side of the link from the previous step to the second hole of the sew-on stone. Close the jump ring.

### **Step 8**

Make a wire wrapped link with one 3mm Fuchsia crystal bicone bead. Attach one side of this wire wrapped link to one end link of the 3/8-inch length of chain. Attach the other side of the link to the loop on the wire wrapped link from Step 6 that is connected to the three shorter lengths of chain.

### **Step 9**

Place one 3mm Fuchsia crystal bicone bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to the unattached loop on the wire wrapped link from Step 4 (attached to the 7.25-inch length of chain).

### **Step 10**

In the same manner as in the previous step, wire wrap the following bead units to the free end links of the indicated chains:

- 1 – 4mm Crystal Copper rondelle unit to the 3/8” chain length
- 1 – 4mm Fuchsia crystal round unit the 0.5” chain length
- 1 – 4mm Fuchsia crystal round unit the 0.75” chain length
- 1 – 3mm Crystal Copper crystal bicone unit to the 1” chain length
