- Knotting Stretch Magic
- Opening and Closing a Jump Ring

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Easter Party” bracelet:

Step 1

Using scissors, cut four 10-inch lengths of Stretch Magic elastic cord.

Step 2

String 51 4mm Khaki crystal bicone beads onto one 10-inch length of elastic cord. Pass the strung cord through the oval ring.

Step 3

Tie a square knot in the elastic cord, and apply a dot of Hypo Tube Cement to the knot. Allow the cement to dry completely (see Knotting Stretch Magic Technique).

Step 4

In the same manner as in Steps 2 – 3, string these beads, one type of bead per strand, onto the elastic cords, pass the strung cords through the oval ring, and tie and secure the cords:

47 – 4mm Tanzanite round glass beads

70 – size 8 opaque red seed beads

70 – size 8 pink lined transparent matte pink seed beads

Step 5

Open the jump ring (see Add a Charm to a Chain Technique), and use the jump ring to attach the egg charm to the oval ring. Close the jump ring.
