## **Beading Techniques needed to complete the earrings:**

- Opening and Closing a Jump Ring
- Wire Wrapping

*For step-by-step photos and instructions on these and other techniques, visit [FusionBeads.com](http://FusionBeads.com) and select Beading Techniques from the top navigation bar.*

## **Instructions to complete “New Love” earrings:**

### **Step 1**

Open one 4mm jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to connect the loop on the ear post to one 5mm jump ring. Close the jump ring.

### **Step 2**

Open one 4mm jump ring, and use it to connect the 5mm jump ring from Step 1 to another 4mm jump ring. Close the jump ring.

### **Step 3**

Open one 5mm jump ring, and use it to attach the crystal heart pendant to the second 4mm jump ring from Step 2. Close the jump ring.

### **Tip**

*You now have a chain of jump rings with an ear post on one end and the heart pendant on the other end. To facilitate the next step, pull the ear post and the pendant in opposite directions so that the chain of jump rings is spread out in a horizontal line. Orient the chain so that the ear post is on the left and the pendant is on the right.*

### **Step 4**

Place one 4mm Violet crystal bicone bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to the second 5mm jump ring from the ear post.

### **Step 5**

In the same manner as in the previous step, wire wrap these beads in the following sequence from left to right on the same side of the same jump ring:

- 1 – 4mm Cyclamen Opal bicone bead
- 1 – 4mm Fuchsia bicone bead
- 1 – 4mm Violet bicone bead
- 1 – 4mm Cyclamen Opal bicone bead
- 1 – 4mm Fuchsia bicone bead

### **Step 6**

Repeat Steps 4 – 5 on the other side of the same jump ring. The ear post will be between the two Violet bicone beads, and the pendant will come between the two Fuchsia beads.

### **Step 7**

Repeat Steps 1 – 5 for the second earring.
