Instructions to complete "Spring Flowers" bracelet:

Step 1

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one amethyst/white flat oval glass bead. Connect one side of this wire wrapped link to the loop on the bar side of the toggle clasp, and complete the other side of this link without connecting it to anything.

Step 2

Using a 3-inch length of wire, make a wire wrapped link with one antique pewter flower spacer bead. Connect one side of this wire wrapped link to the unattached side of the link from Step 1, and complete the other side without connecting it to anything.

Step 3

In the same fashion as in the previous steps, create and connect wire wrapped links using the indicated beads in the following sequence. Each link connects to the one listed directly before and directly after it:

Attach the last loop to the loop on the ring side of the toggle clasp. One bracelet strand is complete.

In the same fashion as in the previous steps, make the second strand of wire wrapped links using the following beads. Connect one side of the first link to the loop on the bar side of the toggle clasp:

- 1 – rose/white flat oval glass bead
