- Chain nose pliers
- Wire cutters

Beading Techniques needed to complete the bracelet:

Wire Wrapped Link

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Meltdown” bracelet:

Step 1

Using a 3-inch length of wire, make a wire wrapped link (see *Wire Wrapped Link Technique*) with one 10mm Mauve crystal baroque pearl. Connect one side of this wire wrapped link to the loop on the ring side of the toggle clasp, and complete the other side of this link without connecting it to anything.

Step 2

In the same manner as in the previous step, make a wire wrapped link with one 8mm Light Gray crystal pearl. Connect one side of this wire wrapped link to the unconnected side of the link from Step 1, and complete the other side without connecting it to anything.

Step 3

In the same manner as in the previous steps, make and connect wire wrapped links using the indicated beads and the clasp in the following sequence. Each link connects to the one listed directly before and directly after it:

- 1 – 10mm Lavender crystal baroque pearl
 - 1 – 8mm Light Gray crystal pearl
 - 1 – 10mm Mauve crystal baroque pearl
 - 1 – 8mm Light Gray crystal pearl
 - 1 – 10mm Lavender crystal baroque pearl
 - 1 – 8mm Light Gray crystal pearl
 - 1 – 10mm Mauve crystal baroque pearl
 - 1 – 8mm Light Gray crystal pearl
- the loop on the bar side of the toggle clasp
