

Color-Focused and Contemporary by FusionBeads.com

Approximate finished length: 18.25 inches

Beads and other products needed for one necklace:

- 46 - 4mm Olivine Swarovski Elements Crystal Bicone Beads (04BI1117)
- 46 - 4mm Crystal Silver Night Swarovski Elements Crystal Bicone Beads (04BI1458)
- 1 - 12mm Black Diamond Swarovski Elements Crystal Rivoli Stone (SC5221)
- 1 - 27mm Tabac Swarovski Elements Crystal Galactic Vertical Pendant (SC6649)
- 1 - 22x14mm Gold Plated Plain Round Rivoli Link by TierraCast® (GP2371)
- 1 - 20.5x15.5mm Antique Gold Plated Pewter Large Tapered Toggle Clasp by TierraCast® (GP2147)
- 3 - 6mm Gold Plated Base Metal 21 Gauge Open Jump Rings (BM2740)
- 1 - 8mm Gold Plated Base Metal 18 Gauge Open Jump Ring (BM2857)
- 15.5 feet - 22 Gauge Non-Tarnish Gold Parawire (VW0188)

Tools needed to complete the necklace:

- Round nose pliers
- Chain nose pliers
- Wire cutters
- 5 Minute Epoxy (TL1938)

Beading Techniques needed to complete the necklace:

- Opening and Closing a Jump Ring
- Simple Loop
- Gluing Swarovski Elements Crystal Rivoli Stones into a Rivoli Component

Instructions to complete “Color Focused and Contemporary” necklace:

Step 1

Following the directions on the package, mix the 5 Minute Epoxy (see Gluing Swarovski Elements Crystal Rivoli Stones into a Rivoli Component Technique).

Step 2

Apply a drop of epoxy in the center of the Rivoli link. Place one 12mm Black Diamond crystal Rivoli stone onto the epoxy, and press firmly. Allow to dry.

Step 3

Open the 8mm jump ring (see Opening and Closing a Jump Ring Technique), and use it to attach one 6mm jump ring to the crystal pendant. Close the jump ring.

Step 4

Open one 6mm jump ring, and attach it to the loop on one side of the clasp. Close the jump ring. Repeat with the second side of the clasp.

Step 5

Using wire cutters, cut the wire into 92 2-inch lengths.

Step 6

Turn a simple loop on one end of one length of wire (see Simple Loop Technique). Place one 4mm Olivine crystal bicone bead onto the wire. Turn a simple loop at the open end of the wire, completing the link. Attach the loop just made to the jump ring attached to one side of the clasp in Step 4.

Step 7

Turn a simple loop on one end of one length of wire. Place one 4mm Olivine crystal bicone bead onto the wire, making one unit. Turn a simple loop at the open end of the wire, completing the link. Attach the loop just made to the unattached loop on the link from the previous step.

Step 8

Repeat Step 7 15 times, attaching the last loop on the last link to one loop on the Rivoli link.

Step 9

Repeat Steps 6 – 8 using 4mm Crystal Silver Night crystal bicone beads instead of Olivine.

Step 10

In the same manner as in the previous steps, make and connect five Olivine bicone bead simple loop links between the second loop on the Rivoli link and the 6mm jump ring attached to the crystal pendant.

Step 11

Repeat Step 10 using Crystal Silver Night crystal bicone beads instead of Olivine.

Step 12

In the same manner as in the previous steps, make and connect the remaining Olivine bicone bead simple loop links between the jump ring on the second side of the clasp and the 6mm jump ring attached to the crystal pendant.

Step 13

Repeat Step 12 using Crystal Silver Night crystal bicone beads instead of Olivine.
