Instructions to complete “Deco Daisy” earrings:

Step 1

Prepare the work surface for using ICE Resin (see Using ICE Resin with Paper Technique).

Step 2

Using one Arte Metal stencil charm as a template, trace the shape onto the paper twice. Cut the shapes out with scissors.

Step 3

Coat the front and back of the paper shapes with white craft glue (see Using ICE Resin with Paper Technique).

Step 4

Mix the two parts of the ICE Resin, and color it with Twilight Ultrafine Opaque Glitter (see Adding Color to ICE Resin Technique).

Step 5

Laminate one side of each paper piece with ICE Resin. Allow the resin to cure completely.

Step 6

Repeat Step 5 on the second side of each paper piece. Allow the resin to cure completely. Cut away any excess resin.

Step 7

Use the metal hole punch pliers to punch a hole in the narrow end of each resin-laminated paper piece.

Step 8

Open the loop on one ear wire (see Attaching an Ear Wire Technique). Attach one Arte Metal stencil charm and one resin-laminated paper piece to the ear wire. Close the loop.

Step 9

Repeat Step 8 for the second earring.
