Instructions to complete “Orange Grove” earrings:

Step 1

Mix a small amount of the two parts of the resin (see Using ICE Resin with Collage Pendants Technique). When mixed thoroughly, mix the glitter into the resin (see Adding Color to ICE Resin Technique).

Step 2

Pour a small amount of colored resin into each picture frame pendant. Allow the resin to cure completely.

Step 3

Open one jump ring (see Opening and Closing a Jump Ring Technique), and attach it to the loop on one ear wire. Close the jump ring.

Step 4

Open one jump ring, and use it to attach the loop on one picture frame pendant to the jump ring from Step 3. Close the jump ring.

Step 5

Place one leaf bead (pointed end first) onto one head pin. Turn a simple loop (see Simple Loop Technique) at the open end of the head pin. Attach the loop just made to the jump ring attached to the ear wire on the left side of the pendant.

Step 6

Repeat Steps 3 – 5 for the second earring, attaching the leaf bead unit on the right side of the pendant in Step 5 to make a mirror-symmetrical pair.
