Tip

Use the graph provided to weave a bracelet or anything you wish. Please see the Flat Peyote Stitch - Even Count Beading Technique for basic peyote instructions. Instructions for a suggested clasp are included below to finish the pattern as a bracelet.

Instructions to complete "Caribbean Tide" bracelet:

Step 1

Thread a needle with 5 feet of beading thread (add new thread as needed). Use flat peyote stitch (see Flat Peyote Stitch - Even Count Technique) to weave the pattern shown.

Step 2

When the bracelet reaches the desired length, weave the needle through beads in the last row (see Flat Peyote Clasp - Option 2). String enough Delica beads to fit around one crystal, and pass through the adjacent bead, forming a loop. Reinforce this loop at least three times.

Step 3

In the same manner as in the previous step, make a second loop and reinforce. Weave back down through a few rows, and use a Perfect End Thread Burner to burn the end of the thread (see Perfect End Thread Burner Technique).

Step 4

Anchor a thread at the other end of the bracelet or use the remaining thread tail to attach the button clasps. String four Delica beads, one crystal, and one Delica bead. Pass back through the crystal and the four Delica beads.

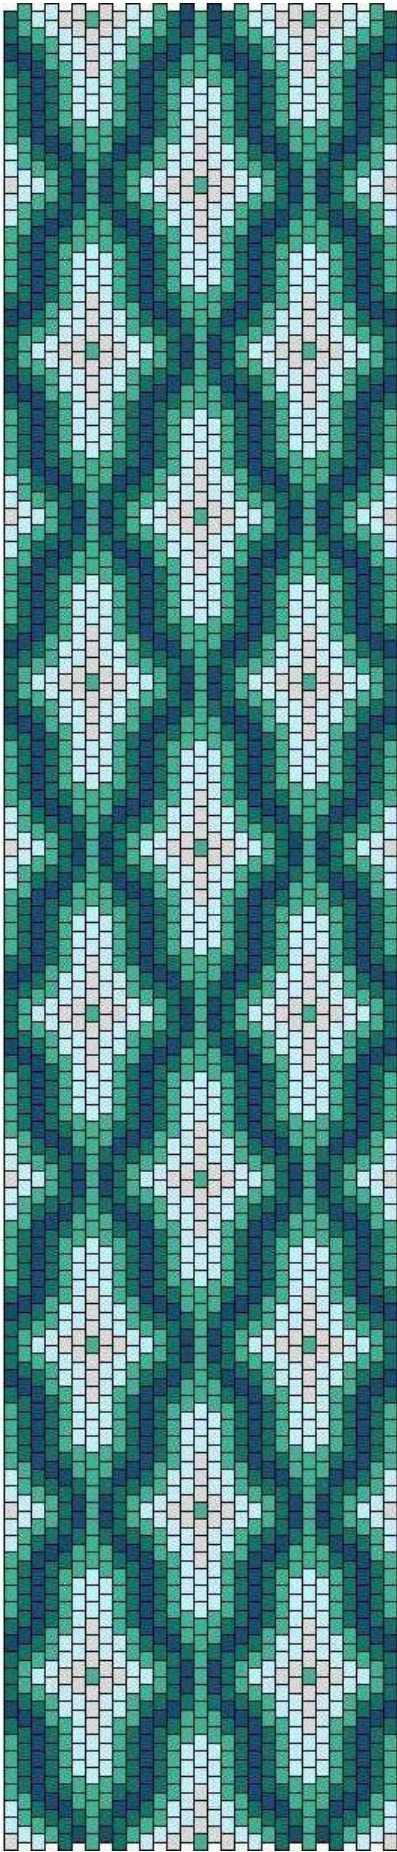

Step 5

Weave the needle through beads. In the same manner as in the previous step, attach a second crystal to align with the second loop made in Step 3.

Step 6

Weave back through a few rows of the bracelet, and use a thread burner to burn the end of the thread.
