- Attaching an Ear Wire
- Opening and Closing a Jump Ring
- Wire Wrapping

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Raspberry Frost” earrings:

Step 1

Using wire cutters, cut the chain into two 1-inch lengths. Set one length aside for the second earring.

Step 2

Open the loop on one ear wire (see *Attaching an Ear Wire Technique*), and attach one end chain link to the loop. Close the loop.

Step 3

Place one 3mm White Opal crystal bicone bead onto a head pin, making one unit. Wire wrap this unit (see *Wire Wrapping Technique*) to the first chain link after the one attached to the ear wire.

Step 4

Repeat Step 3 once, wire wrapping a second 3mm White Opal crystal bicone bead to the other side of the same chain link.

Step 5

In the same manner as in Steps 3 – 4, wire wrap the remaining 3mm White Opal crystal bicone beads to the next four chain links, one bead per unit, two beads per link, one on each side of the link.

Step 6

In the same manner as in Steps 3 – 4, wire wrap 3mm Fuchsia crystal bicone beads to the next five chain links, one bead per unit, two beads per link, one on each side of the link.

Step 7

In the same manner as in Steps 3 – 4, wire wrap 3mm Chrysolite Opal crystal bicone beads to the next five chain links, one bead per unit, two beads per link, one on each side of the link.

Step 8

Open one jump ring (see *Opening and Closing a Jump Ring Technique*). Use the jump ring to attach one 11mm Chrysolite Opal crystal pendant to the last chain link. Close the jump ring.

Step 9

Repeat Steps 2 – 8 for the second earring.
