- Permanent marker

Beading Techniques needed to complete the back pack tag:

- Simple Loop
- Using ICE Resin with Collage Pendants

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Marina” back pack tag:

Step 1

Using the circle punch, punch out one circle from the Berry Sweet decorative paper pad and one from a personal photo. Use a permanent marker to write a name on the decorative paper circle.

Step 2

Apply three coats of sealant to each side of the charm with a small brush. Allow the sealant to dry completely after each coat.

Step 3

Place the decorative paper circle into one side of the collage pendant, and set it with resin (see Using ICE Resin with Collage Pendants Technique). Allow the resin to cure completely.

Step 4

Repeat Step 2 with the photo circle on the other side of the collage pendant. Allow the resin to cure completely.

Step 5

Place the crystal round bead onto the eye pin, making one unit. Turn a simple loop (see Simple Loop Technique) at the open end of the eye pin. Attach the loop just made to the loop on the pendant.

Step 6

Open the unattached loop on the unit from the previous step, and attach it to the loop on the lobster claw. Close the loop.
