Instructions to complete “Starry Night” necklace/bracelet:

Tip

This necklace can be worn as a bracelet by wrapping the chain around your wrist several times before you close the clasp.

Step 1

Using wire cutters, cut the wire into the following:

18 – 2” lengths

35 – 3” lengths

Step 2

The long and short chain is made of three small round links alternating with one oval link. Cut the chain into the following lengths (see Cutting Chain Efficiently Technique):

18 lengths, each made of three small links (short chain segment)

35 lengths, each made of three small links, one oval link and three small links (long chain segment)

Step 3

Using one 2-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one 4mm Crystal Silver Night crystal bicone bead. Connect one side of this wire wrapped link to the loop on the lobster claw, and connect the other side of this link to one end link of the short length of chain.

Step 4

In the same manner as in the previous step, continue making wire wrapped links using one bead per link and connecting them to chain segments in the sequence listed below (use 3-inch lengths of wire for the 6mm beads):

1 – 4mm Indicolite crystal bicone bead

1 – long chain segment

1 – 6mm Jet crystal bicone bead
