**Instructions to complete “The Kids” key chain:**

**Step 1**

Using the circle paper punch, punch out a circle shape from the photograph.

**Step 2**

Using a small brush, coat the front of the photo with Diamond Glaze. Allow the glaze to dry. The glaze will prevent the resin from seeping into the paper.

**Step 3**

Repeat Step 2 on the back of the photo.

**Step 4**

Using Amazing Glaze, adhere the photo inside the collage pendant. Allow the glaze to dry.

**Step 5**

Mix the two parts of the ICE Resin, and fill the pendant with resin (see Using ICE Resin with Collage Pendants Technique). About 20 minutes after pouring the resin, check for bubbles. Place the filled pendant under a lighted task lamp to draw any bubbles out. If you see bubbles that aren't popping by themselves, use a toothpick or wire scrap to pop them. Allow the resin to set completely.

**Step 6**

Place the crystal pearl onto the eye pin, making one unit. Turn a simple loop (see Simple Loop Technique) at the open end of the eye pin. Attach the loop just made to the loop on the collage pendant.

**Step 7**

Open the unattached loop on the unit from the previous step, and attach it to the loop on the lobster claw clasp. Close the loop.
