- 2 - 5mm Natural Brass Jump Rings by Vintaj (NB0204)
- 6 - 1 inch 22 gauge Natural Brass Eye Pins by Vintaj (NB0175)

Tools needed to complete the necklace:

Round nose pliers
Chain nose pliers
Wire cutters

Beading Techniques needed to complete the necklace:

Opening and Closing a Jump Ring
Simple Loop
Forming Filigree - Option 2

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete "Vintage" necklace:

Step 1

Using your fingers or nylon jaw pliers, gently bend the three sprays of the whimsical spray Fastenable around the top and sides of the 18x13mm Crystal Golden Shadow crystal oval stone (see Forming Filigree - Option 2 Technique). One leaf will be under the stone, while two leaves will extend (unbent) in either direction behind and near the top of the stone.

Step 2

In the same manner as in the previous step, gently bend all but one "petal" of one trillium Fastenable around the back of one SS39 Light Rose crystal chaton stone.

Step 3

Repeat Step 3 with the second crystal chaton stone.

Step 4

The Figaro chain is made of one long link alternating with three small round links. Using wire cutters, cut the chain into the following lengths so that each length begins and ends with a long link:

- 1 – 0.5" length
- 2 – 7.5" lengths

Step 5

Place one 6mm Crystal bicone bead onto an eye pin, making one unit. Turn a loop (see Simple Loop Technique) at the open end of the eye pin. Attach the loop just made to one end link of the 0.5-inch chain length.

Step 6

Open the unattached loop on the unit from the previous step, and attach it to one end link of one 7.5-inch length of chain. Close the loop.

Step 7

Open one jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach the unbent petal on one SS39 Light Rose crystal chaton stone to the next long chain link to the left of the bicone bead on the 7.5-inch length of chain. Close the jump ring.

Step 8

Repeat Steps 5 – 7 on the right side of the 0.5-inch chain length.

Step 9

Place one 4mm Crystal bicone bead onto an eye pin, making one unit. Turn a loop at the open end of the eye pin. Attach the loop just made to the third long chain length to the right of the SS39 Light Rose crystal chaton stone unit.

Step 10

Open the unattached loop on the unit from the previous step, and attach it to the loop on the beech leaf Fastenable. Close the loop.

Step 11

Place one 4mm Crystal Golden Shadow crystal bicone bead onto an eye pin, making one unit. Turn a loop at the open end of the eye pin. Attach the loop just made to the end chain link on one end of the necklace.

Step 12

Open the unattached loop on the unit from the previous step, and attach it to one side of the hook and eye clasp. Close the loop.

Step 13

Repeat Steps 11 – 12 on the other end of the necklace.

Step 14

Open the loop on one eye pin, and attach it to the filigree at the top of the crystal oval stone (between the two extended leaves). Turn a loop at the open end of the eye pin so that the loop's plane is perpendicular to the first loop. Attach the loop just made to the short chain at the middle of the necklace.
