Beading Techniques needed to complete the earrings:

- Simple Loop
- Gluing Flat Back Rhinestones

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Siam Spiral” earrings:

Step 1

Mix the two parts of the 5 Minute Epoxy. Dot a small amount of epoxy around the rim of the center hole in one spiral diamond link. Carefully place one crystal flat back rhinestone onto the epoxy. Allow the epoxy to dry (see Gluing Flat Back Rhinestones Technique).

Step 2

Place one heishi, one crystal rondelle and one heishi onto one eye pin, making one unit. Turn a simple loop (see Simple Loop Technique) at the open end of the eye pin. Attach the loop just made to the loop on one ear wire.

Step 3

Open the unattached loop on the unit from the previous step, and attach it to one hole in the spiral diamond link. Close the loop.

Step 4

Place one heishi, one crystal Lucerna bead and one heishi onto one head pin, making one unit. Turn a simple loop at the open end of the head pin. Attach the loop just made to the second hole in the spiral diamond link from the previous steps.

Step 5

Repeat Steps 1 – 4 for the second earring.
