## **Instructions to complete “Ho Ho Holly” bracelet:**

### **Step 1**

Place one 4mm crystal pearl bead onto one head pin, making one unit. Make a wire wrapped loop (see Wire Wrapping Technique) on the unit without connecting it to anything.

### **Step 2**

Repeat Step 1 with the following beads, one bead per unit (the 8mm dark red round glass beads will not be wire wrapped; they will be strung directly onto the beading wire in an upcoming step):

31 – 4mm crystal pearl beads

32 – 6mm Siam ruby matte round glass beads

16 – 8mm dark Siam round glass beads

### **Step 4**

Place one crimp bead and the loop on one side of the toggle clasp onto a 10-inch length of beading wire. Pass the wire back through the crimp bead, and crimp the crimp bead (see Crimping Technique).

### **Step 5**

Cover the crimp bead with a crimp cover (see Crimp Bead Covers Technique), and trim excess wire with wire cutters.

### **Step 6**

String these items in the following sequence onto the beading wire:

1 – 8mm dark red round glass bead

1 – 6mm Siam ruby matte glass bead unit

1 – 4mm crystal pearl bead unit

1 – 8mm dark Siam round glass bead unit

1 – 6mm Siam ruby matte glass bead unit

1 – 4mm crystal pearl bead unit

Repeat the sequence 15 times, adding one 8mm dark red round glass bead after the last repeat.

### **Step 7**

String one crimp bead and the loop on the other side of the toggle clasp. Pass the wire back through the crimp bead, crimp the crimp bead, cover with a crimp cover, and trim excess wire with wire cutters.

### **Step 8**

Open one jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach the Lucite alder leaf charm to the loop on the ring side of the toggle clasp. Close the jump ring.
