Beading Techniques needed to complete the necklace:

- Opening and Closing a Jump Ring
- Gluing Flat Back Rhinestones

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Scroll of David” necklace:

Step 1

Using the photo above as a pattern, dot a small amount of 5 Minute Epoxy onto the stamping blank. Using a Jewel Setter or tweezers, carefully place one SS5 Sapphire crystal flat back rhinestone onto the epoxy. Allow the epoxy to dry (see Gluing Flat Back Rhinestones Technique).

Step 2

Repeat Step 1 with the remaining SS5 Sapphire crystal flat back rhinestones to form a Star of David shape.

Step 3

Open the jump ring (see Opening and Closing a Jump Ring Technique). Fold the chain in half to identify the middle link, and use the jump ring to attach the loop on the stamping blank to the link. Close the jump ring.

Step 4

Open the loop on one side of the eye side of the clasp, and attach it to one end link of the chain. Close the loop.

Step 5

Repeat Step 4 with the hook side of the clasp on the other end link of the chain.
