Instructions to complete "All Dressed in White" necklace:

Step 1

Using wire cutters, cut the chain into one 7.5-inch length and one 9.5-inch length.

Step 2

Open one 4mm jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach one end link of the shorter length of chain to the link 1.75 inches from one end of the longer chain. Close the jump ring. (The 1.75-inch length of chain that hangs below the jump ring will form the drop dangle.)

Tip

Spread the necklace chain assembly horizontally on the work surface with the short segment of chain for the drop dangle hanging down vertically. The long horizontal chain will be embellished first from right to left, then the dangle from top to bottom.

Step 3

Measure the point 5 inches from the right end of the horizontal chain. Open one 4mm jump ring, and use it to attach one 8mm Crystal Silver Shade mini pear shaped pendant to the link at the 5-inch point. Close the jump ring.

Step 4

Place one 4mm White crystal pearl onto a head pin, making one unit. Turn a simple loop (see Simple Loop Technique) at the end of the head pin. Attach the loop just made to the fourth chain link from the mini pear shaped pendant attached in the previous step (counting toward the left).

Step 5

In the same manner as in the previous steps, use jump rings and simple loops on head pins to attach these items to the specified chain links (counting toward the left):

7th link: 10mm White Baroque pearl

9th link: 4mm Light Grey pearl

12th link: 6mm White pearl

15th link: 8mm Light Cream Rose Baroque pearl

19th link: 4mm Light Grey pearl

21st link: 8mm White pearl

26th link (count the jump ring connecting the dangle as one link): 10mm Light Cream Rose Baroque pearl

28th link: 6mm Light Cream Rose pearl

31st link: 8mm Crystal mini pear-shaped pendant attached with 4mm jump ring

34th link: 8mm White pearl

37th link: 4mm Light Grey pearl

40th link: 8mm Light Cream Rose Baroque pearl

44th link: 5mm White pearl

47th link: 1 hole in the 18x9mm Crystal Marquise sew-on stone attached with 5mm jump ring

Step 6

Place one 4mm White crystal pearl onto a head pin, making one unit. Turn a simple loop at the end of the head pin. Attach the loop just made to the second hole in the 18x9mm Crystal Marquise sew-on stone attached to the 47th link in the previous step.

Step 7

In the same manner as in the previous steps, use jump rings and simple loops on head pins to attach these items to the specified chain links on the drop dangle from top to bottom, counting the link attached to the jump ring as the first link:

4th link: 10mm Crystal Silver Shade mini pear-shaped pendant attached with 5mm jump ring

6th link: 8mm White Baroque pearl

9th link: hole in the pointed end of the 12x7mm Crystal teardrop sew-on stone attached with 5mm jump ring

10th link: 8mm Crystal Silver Shade mini pear-shaped pendant attached with 4mm jump ring

14th link: 10mm Light Cream Rose and 1 hole in the 12x6mm Crystal Marquise sew-on stone attached with 5mm jump ring

Last link: 14mm White Baroque pearl

Step 8

Place one 4mm White crystal pearl onto a head pin, making one unit. Turn a simple loop at the end of the head pin. Attach the loop just made to the second hole in the 12x7mm Crystal teardrop sew-on stone attached to the 9th link in Step 7.

Step 9

Place one 4mm Light Cream Rose crystal pearl onto a head pin, making one unit. Turn a simple loop at the end of the head pin. Attach the loop just made to the second hole in the 12x6mm Crystal Marquise sew-on stone attached to the 14th link in Step 7.

Step 10

Open one 4mm jump ring, and use it to attach the lobster claw to one end of the necklace. Close the jump ring.

Step 11

Place one 4mm White crystal pearl onto a head pin, making one unit. Turn a simple loop at the end of the head pin.

Step 12

Repeat Step 11 with one 4mm Crystal Satin crystal round bead.

Step 13

Open one 4mm jump ring, and use it to attach the two units from Step 11 - 12 to the other end of the necklace. Close the jump ring.
