Beading Techniques needed to complete the bracelet:

Wire Wrapped Link

Making a Clasp – S Hook

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Lavender Frost” bracelet:

Step 1

Using a 3-inch length of wire, make an S-hook clasp (see Making a Clasp – S Hook Finishing Option 1).

Step 2

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one crystal rondelle bead. Connect one side of this wire wrapped link to one side of the S-hook clasp, and connect the other side of the link to two closed jump rings.

Step 3

In the same manner as in Step 2, make a wire wrapped link. Connect one side of the link to the same two jump rings used in the previous step, and connect the other side of the link to two more closed jump rings.

Step 4

Repeat Step 3 five times, completing the last loop without connecting it to anything. The last loop will catch the other side of the S-hook clasp.
