- Wire cutters

Beading Techniques needed to complete the earrings:

- Wire Wrapped Link
- Wire Wrapping

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Skull Drop” earrings:

Step 1

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one skull bead. Connect the side of the link at the top of the skull to the loop on one ear wire, and complete the other side of the link without connecting it to anything.

Step 2

Place one bell florette glass bead, wide end first, onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to the unattached loop on the link from the previous step.

Step 3

Repeat Steps 1 – 2 for the second earring.
