Wire cutters

Beading Techniques needed to complete the earrings:

Opening and Closing a Jump Ring
Cutting Chain Efficiently

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Amp it Up” earrings:

Step 1

The bar chain is made of long bar links alternating with small round links. Cut the chain into four 0.75-inch lengths (see Cutting Chain Efficiently Technique) so that each length begins with a small round link and ends without a small round link. Set aside two lengths for the second earring.

Step 2

Open one 7mm jump ring (see Opening and Closing a Jump Ring Technique). Use the jump ring to attach one crystal pendant to one hole in one triangle sew-on stone. Close the jump ring.

Step 3

Open one 5mm jump ring, and use it to attach one hole in the triangle sew-on stone from the previous step to the bar link end of one length of chain. Close the jump ring.

Step 4

Repeat Step 3 with the remaining hole on the sew-on stone and the second length of chain.

Step 5

Open one 5mm jump ring, and use it to attach the end small round links on the two chain lengths to the loop on one ear wire. Close the jump ring.

Step 6

Repeat Steps 2 – 5 for the second earring.
