- Right Angle Weave Ring
- Basic Right Angle Weave

For step-by-step photos and instructions on these and other techniques, visit FusionBeads.com and select Beading Techniques from the top navigation bar.

Instructions to complete “Chocolate and Wine” ring:

Step 1

Using a 5-foot length of beading thread and a total of 116 crystal bicone beads, weave a right angle weave bezel for the crystal oval stone (see Basic Right Angle Weave and Right Angle Weave Ring Techniques). The bezel will be 17 bead units long and three rows wide. Weave one more row when you join the flat strip into a circle.

Step 2

Insert the fancy stone into the bezel, and cinch the edges of the bezel around it.

Step 3

Using 58 crystal bicone beads and right angle weave, weave a band for the ring. The band will be 11 units long and two rows wide. Weave one more row when you attach the band to the bezel.

Step 4

Weave the needle back and forth through several beads, and trim the thread.
