**Tools needed to complete the necklace:**

Chain nose pliers  
Wire cutters  
Crimping pliers (TL0500)  
Jewel Setter (TL1940)  
Pro Polish Pads (TL0617)  
Disposable gloves  
5 Piece Nylon Brush Set (CR0659)

**Beading Techniques needed to complete the necklace:**

Crimping  
Crimp Bead Covers  
Using Jewelry Clay With Crystal Fancy Stones

*For step-by-step photos and instructions on these and other techniques, visit [FusionBeads.com](http://FusionBeads.com) and select Beading Techniques from the top navigation bar.*

**Instructions to complete “Pink Ombre” necklace:**

**Step 1**

Visualize the amount of clay needed to fill the bezel pendant setting, and mix equal amounts of Crystal Clay parts A and B to total that amount (see Using Jewelry Clay With Crystal Fancy Stones Technique). Mix the clay, roll it into the oval shape of the pendant setting, and press the clay into the setting.

**Step 2**

Using a Jewel Setter, press the crystal chatons into the clay, mixing the sizes randomly and arranging the colors in the following sequence from the bail end to the opposite end of the pendant, making a smooth gradient of colors:

Ruby  
Fuchsia  
Rose  
Light Rose  
Crystal

**Step 3**

Brush Pearl Ex powdered pigment onto the surface of the clay. Allow the clay to cure for 12 – 24 hours.

**Step 4**

Wipe off any excess wax or pigment on the crystal chatons with a Pro Polish pad.

**Step 5**

Using wire cutters, cut the chain into two 6.5-inch lengths.

**Step 6**

String one crimp bead and one end link of one chain length onto a 7-inch length of beading wire. Pass the beading wire back through the crimp bead, and crimp the crimp bead (see Crimping Technique).

**Step 7**

Cover the crimp bead with a crimp bead cover (see Crimp Bead Covers Technique), and trim excess wire with wire cutters.

**Step 8**

String these beads in the following sequence onto the beading wire:

- 1 - 3mm Crystal bicone bead
- 1 - 4mm Crystal bicone bead
- 1 - 4mm Light Rose bicone bead
- 1 - 5mm Light Rose bicone bead
- 1 - 5mm Rose bicone bead
- 1 - 6mm Rose bicone bead
- 1 - 6mm Fuchsia bicone bead
- 1 - 8mm Fuchsia bicone bead
- 4 - 8mm Ruby bicone beads
- 1 - 8mm Fuchsia bicone bead
- 1 - 6mm Fuchsia bicone bead
- 1 - 6mm Rose bicone bead
- 1 - 5mm Rose bicone bead
- 1 - 5mm Light Rose bicone bead
- 1 - 4mm Light Rose bicone bead
- 1 - 4mm Crystal bicone bead
- 1 - 3mm Crystal bicone bead

**Step 9**

String one crimp bead and one end link of the second chain length onto the beading wire. Pass the wire back through the crimp bead, and crimp the crimp bead. Cover the crimp with a crimp bead cover, and trim excess wire with wire cutters.

**Step 10**

Open two jump rings (see Opening and Closing a Jump Ring Technique). Use one jump ring to attach one side of the toggle clasp to the end chain link on one end of the necklace and the other jump ring to attach the other side of the clasp to the end chain link on the other end of the necklace. Close both jump rings.
