Instructions to complete “Rock Star Dreams” bracelet:

Step 1

Using hemp twine, make a length of macramé cord (see Macrame – Adjustable Closure Technique). String one fire polished bead onto a tying cord before tying each knot.

Step 2

Repeat Step 1 until 84 beads have been used. Finish off the tying cords as shown in Steps 20 – 21 of the technique.

Step 3

Following Steps 22 – 23 of the technique, make an adjustable closure for the bracelet, continuing to string one fire polished bead before tying each knot until the remaining 10 beads are used.

Step 4

Apply Hypo Tube Cement to the bangle’s channel. Place the macramé piece around the bangle, and pull the adjustable cords tight. Cut the excess cords, and secure the last knot with Hypo Tube Cement.
