## **Instructions to complete “Arrowhead” earrings:**

### **Step 1**

Using the white side of the metal relieving block, lightly sand off the finish on the raised areas of one arrowhead charm. Then use the light gray side to buff the finish.

### **Step 2**

Place one ceramic bead onto one eye pin, making one unit. Turn a simple loop (see Simple Loop Technique) at the open end of the eye pin. Attach the loop just made to the loop on the charm.

### **Step 3**

Open the loop on one ear wire (see Attaching an Ear Wire Technique), and attach it to the unattached loop on the unit made in Step 2. Close the loop.

### **Step 4**

Repeat Steps 1 – 3 for the second earring.
