## **Tools needed to complete the bracelet:**

Round nose pliers  
Chain nose pliers  
Wire cutters

## **Beading Techniques needed to complete the bracelet:**

Wire Wrapping  
Opening and Closing a Jump Ring

## **Instructions to complete “Pearl Berry” bracelet:**

### **Step 1**

The links of the chain are unsoldered and can be opened and closed like jump rings (see Opening and Closing a Jump Ring Technique). Open one end link of the chain, and attach it to the loop on one side of the toggle clasp. Close the link.

### **Step 2**

Repeat Step 1 with the second side of the clasp and the other end of the chain.

### **Tip**

*Mix all the crystal pearl beads together. They will be used randomly in the next steps.*

### **Step 3**

Place any one bead onto a head pin, making one unit. Wire wrap (see Wire Wrapping Technique) this unit to the second chain link from the bar side of the toggle clasp.

### **Step 4**

Place any one bead onto a head pin, making one unit. Wire wrap this unit to the opposite side of the same chain link used in Step 3.

### **Step 5**

Repeat Steps 3 – 4 on the same chain link. A total of four beads will be wire wrapped to the same chain link, two beads per side.

### **Step 6**

Repeat Steps 3 – 5 with each of the remaining chain links.
