Beading Techniques needed to complete the ring:

Using Jewelry Clay With Crystal Fancy Stones

Instructions to complete “Live it Up” ring:

Step 1

Visualize the amount of clay needed to fill the ring setting, and mix equal amounts of Crystal Clay parts A and B to total that amount (see Using Jewelry Clay With Crystal Fancy Stones Technique). Mix the clay, roll it into the shape of the ring setting, and press the clay into the setting.

Step 2

Press the crystal dome bead into the clay, and place the head pin through the bead hole. (The head pin will also go through the clay.)

Step 3

Using a Jewel Setter, press the crystal chatons into the clay in a circle around the dome bead. Allow the clay to cure for 12 – 24 hours.

Step 4

Wipe off any excess wax on the crystal chatons with a Pro Polish pad.
