### **Step 1**

Anchor a 1 1/2-foot length of wire onto one hoop earring near one end (see Covering a Bangle Technique). Wrap the wire four times.

### **Step 2**

String 50 3mm Siam ruby vega fire polished beads onto the wire.

### **Step 3**

Keeping the beads pushed tight against each other, wrap the beaded wire around the hoop earring.

### **Step 4**

When the beaded portion of the wire is completely wrapped, anchor the wire by wrapping it four times.

### **Step 5**

Trim the wire close to the hoop earring. Apply a dot of Hypo Tube Cement to the ends of the wires.

### **Step 6**

Repeat Steps 1 – 5 for the second earring.
