## **Beading Techniques needed to complete the necklace:**

Opening and Closing a Jump Ring  
Attaching a Cord End – Style 4

## **Instructions to complete “Light Amethyst Pave Bead” necklace:**

### **Step 1**

String the pave bead onto the beading chain.

### **Step 2**

Insert one end of chain into the cord end (see Attaching a Cord End – Style 4 Technique). With the chain nose pliers, grasp the middle of the right side of the cord end and squeeze until it is flat against the beading chain. Gently squeeze the top of the right side until it is flat against the beading chain. Gently squeeze the bottom of the right side until it is flat against the beading chain. Repeat for the left side of the cord end, so it lays on top of the right side.

### **Step 3**

Repeat Step 2 with the other end of the beading chain.

### **Step 4**

Open one 5mm jump ring and use it to attach the lobster clasp to one ring on the end of the cord end (see Opening and Closing a Jump Ring Technique). Close the jump ring.

### **Step 5**

Open one 5mm jump ring and use it to attach the 6mm closed jump ring to the ring on the other cord end. Close the jump ring.
