Wire Wrapped Link

## **Instructions to complete “Capricorn” necklace:**

### **Step 1**

Using a 3-inch length of wire, make a wire wrapped link (see Wire Wrapped Link Technique) with one 3mm Garnet gemstone. Connect one side of this wire wrapped link to the loop on the lobster clasp, and complete the other side of the wire wrapped link without connecting it to anything.

### **Step 2**

Using a 3-inch length of wire, make a wire wrapped link with one 3mm Garnet gemstone. Connect one side of this wire wrapped link to the unattached loop on the link from the previous step, and complete the other side of the link without connecting it to anything.

### **Step 3**

Repeat Step 2 20 times, attaching the last link to the jump ring on the charm.

### **Step 4**

To make the second half of the necklace, repeat step 2 22 times. The first link should be attached to the jump ring on the charm and the last link should be attached to the closed jump ring.
